

While celebrating our 25th anniversary, we recognized just how many people were instrumental in helping us grow into the organization we are today.

We have proudly created the Friends of Beverly Bootstraps and recognize the following former board members and members of board appointed committees who have accepted our invitation (as of 1/15/18) to join this group of dedicated individuals and be recognized for their past involvement in guiding us through the past twenty five years.

Dee Alpern
